### MY SKILLS

### MY PROFILE

As a dedicated IT student at Baba Guru Nanak University, I am passionate about solving complex technical problems and building efficient digital solutions. With a strong foundation in coding and database management, I thrive in learning new technologies and applying them to real-world scenarios. My goal is to leverage my academic knowledge and technical skills to contribute to innovative IT projects.

### ACADEMIC PROJECTS

- **2023 – 2024**  
**Cafe Management System (Python Project)**
  - Developed a functional ordering application in Python to automate menu management and billing calculations.
  - Utilized Python Dictionaries to efficiently store and map menu items with their respective prices.
- **2022 – 2023**  
**Portfolio Website (Web Development)**
  - Created a responsive personal portfolio using HTML and CSS to showcase technical skills and academic achievements.
  - Ensured cross-browser compatibility and user-friendly navigation.
- **2021 – 2022**  
**Console-Based Calculator (C++ Programming)**
  - Developed a functional calculator using C++ to perform advanced arithmetic operations.
  - Implemented clean code practices and basic algorithmic logic.
